APPLY NOW AT [MIGAS.COM.AU/JOBS](https://migas.com.au/jobs)

YOUR TRADE CAREER STARTS RIGHT HERE, RIGHT NOW

MIGAS Apprentices & Trainees is the home of traditional trades, employing and placing apprentices and trainees in manufacturing and trades industries for 35 years.

We'll employ you as an apprentice or trainee in your chosen field, match you with a host organisation, and guide you through to completion.

Your dedicated MIGAS apprentice coach will be with you on the journey with tips, great advice, encouragement and support. We help you settle in, keep safe, navigate your new workplace, balance your training commitments, and cheer you on.

To start earning while you learn, apply to become a MIGAS apprentice.

“

“I don't have uni debt, I'm earning great money and reckon I'll be offered a full time job with my host at completion.”

HOW APPRENTICESHIPS WORK

Applying for an apprenticeship is just like applying for any other job. You'll need to brush up on your interview skills and prepare an up-to-date resume. Don't worry - we're here to help with that.

We'll aim to match you with your chosen trade and “host” you with an employer.

While working for your host you'll earn a wage and have time off-site to attend training.

We help you plan out your qualification and balance it with work commitments. It's all about learning practical skills in your trade, getting qualified, and earning while you do it.

At the end of your training you'll be trade qualified, have years of experience, and be highly employable.

THE OPPORTUNITIES ARE LIMITLESS WITH AN APPRENTICESHIP

An apprenticeship or traineeship with MIGAS opens up a world of choice and an Australia-wide network of host organisations.

From mine sites to workshops, from great heights to deep underground, MIGAS hosts

are some of the biggest names in the country along with the most successful small businesses and contractors.

Choose your trade and start your career adventure.

- Dedicated field officer and coach for the duration of your training
- Access to an annual MIGAS scholarship program for financial support
- Eligibility for a range of government support and financial assistance
- An attractive career outlook with practical, transferable skills

THE STATS

There's never been a better time to become an apprentice or trainee with earning capacity on the rise:

- 94% of trade apprentice graduates were employed after training
- 88.4% of traineeship graduates were employed after training
- More than a quarter of Australian employers have an apprentice or trainee on the team
- The average apprentice salary in Australia is \$55,000 per year, with entry-level positions starting from \$48,698 up to \$89,101 per year for experienced workers
- 104,000 apprentices and trainees are female - that's over a quarter of the national apprentice workforce
